DETAILED ACTION

EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Satheesh Karra on 3/17/04.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

78. A method of forming a void region associated with a substrate, comprising :
providing a substrate;
forming a sacrificial mass over the substrate;
forming a metal comprising a layer over the mass; and
subjecting the mass to conditions wherein a component of the mass transports from the mass into the metal comprising layer to form a mixture of the metal comprising layer and the component, and wherein transporting the component leaves [an enclosed] a hermetically-sealed void region between the substrate and the mixture of the metal comprising layer and the component.

Allowable Subject Matter

Claims 78-86 and 88-90 are allowed.

The Examiner provided an indication of allowable subject matter in her office action dated 10/21/03, with the Applicant's permission, the allowable subject matter has now been incorporated into independent claim 78, the only other independent claim 80 had the allowable subject matter incorporated therein and was indicated as allowable in the final office action. The reasons for allowance are therefore clear on the record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
